

FALL NEIGHBORHOOD SCAVENGER HUNT

Find as many of the items below as you can. Some items can be found outdoors, but others will require that you knock on the doors of several of your neighbors and request their help. Take note that items have different point values. Don't be offended if your neighbors aren't as excited about playing as you are. Be courteous with them, and hopefully they will play along (most people are pretty good sports). Note: You may only get one item per house/business and you must get the person giving you the item to sign beside that item to verify that each item came from a different place. Also, put an 'x' beside each item as you find it to help you keep track. Have fun, be polite and play safe!

ITEM	POINTS	FOUND	SIGNATURE (if needed)
