Print and cut around the outside of each 3-part box.

Fold in half.

Fold in half again.

The team/clue marker should be on the outside facing up.

The letter should be on the outside facing down.

The clue marker should be on the inside.
The letters on each clue will be used to spell three words for the final challenge. Those words will be... **CAT, MASK,** and **TREAT.** Be sure the teams know they have to collect the letters. Don’t tell them why.

All teams will be personally handed their first clue and may read and begin the hunt when you say **GO.**

All teams’ second clues will be hidden at the volleyball court.

*Please be careful when hiding clues that you don’t hide the clue that leads to the volleyball court at the volleyball court, etc. It can sometimes get confusing. Keep reminding yourself that the clue that leads to the volleyball court needs to be handed out at the station before. This may not be a problem for you, but it sometimes happens.*

From the volleyball court onward each team will take a different path, till they end up at their final destination... The pavilion closest to the washrooms. Someone will need to be there to verify a winner. The winner is the first team to have the 3 words mentioned above laid out correctly at that final location.

Please note: Each team has one clue that is a puzzle. You will need to cut out those puzzle pieces, wrap them in cellophane or a plastic sandwich bag and neatly tuck them inside the applicable clue. Be sure to put the right puzzle with the right team. You’ll find the puzzle pieces beside the appropriate clues when you print these pages. You may want to attach them to the clue with a small piece of tape just to be sure they don’t fall out.

When hiding the clues be sure the side with the team/clue marker is visible and notify your teams that if they see someone else’s clue they should leave it where it is and not give any indication that they know where it is. Otherwise, they could unknowingly be helping that other team. Each team has their own color.
Put these puzzle pieces together to find the location of your next clue.

**CLUE 5**
TEAM 1

Use the code below to find the location of your next clue.

**CLUE 6**
TEAM 1
You may want to wrap each of your clues in cellophane or a plastic sandwich bag to give them a little protection from damp air. This isn’t necessary.

Each team will have one clue hidden along the trail. You will need to print off the team number signs (included in these printable sheets) and mount them on bristol board or cardboard to give them strength. Attach these signs to a small dowel or stick so that you can push them into the ground at various intervals along the trail. You will then hide the applicable clue for that station within 20 steps of that sign. Be sure that you don’t put one team’s sign a mile away from the playing field and another 2 feet. Try and make the spacing somewhat even while still being able to put the signs at different locations along the trail.

The solutions to the clues are as follows:

**TEAM 1**
Clue 1 - Volleyball Court
Clue 2 - Bridge
Clue 3 - Bench
Clue 4 - Outdoor Picnic Table
Clue 5 - Washroom
Clue 6 - Tire Swing
Clue 7 - Pavilion (closest to the washrooms)
Clue 8 - Slide
Clue 9 - Trail

Take the 9 letters you've found so far and add the 3 on this clue (you'll have to tear these 3 apart). Run to the pavilion closest to the washrooms and unscramble the letters to spell 3 words associated with October 31st. 1st team to complete this task wins!
